CREATIVE PIPELINE

PROFILE

Performance marketer running **high-volume Meta advertising across 10+ European markets** — end to end: strategy, campaign builds, AI-generated creatives (image & video), multilingual copywriting, advertorial funnels, landing pages, Shopify, and email marketing. Combines an AI-first production pipeline with the analytical discipline of a fintech compliance background, scaling creative testing far beyond manual capacity.

EXPERIENCE

Digital Marketing & E-Commerce Specialist

Ina Essentials · Remote

Oct 2025 – Present

- Plan, launch, and manage **80+ Meta (Facebook & Instagram) ad campaigns across 10+ European markets** — campaign architecture, budgeting, audience strategy, and continuous optimisation, with consistently strong acquisition results.
- Produce ad creatives end-to-end through an **AI-first pipeline**: static visuals (Nano Banana, Magnific) and AI video (Runway), iterated and tested at high volume.
- Write conversion-focused copy — headlines, ad texts, advertorials, and email sequences — in **6 languages** (Bulgarian, English, Spanish, German, Italian, Portuguese) with AI-assisted localisation.
- Design, build, and optimise **sales funnels**: advertorials and landing pages coded in custom HTML/CSS.
- Operate the **Shopify** storefront, run email-marketing campaigns, and manage organic Facebook & Instagram content across brand pages.
- Automate bulk campaign uploads, creative localisation, and reporting with internal CLI tooling.

AI-Assisted Development & Automation

Independent Projects

2024 – Present

- Built multiple **websites, blogs, and automation apps from scratch** using AI-assisted (“vibe”) coding — primarily **Claude Code**, plus the OpenAI and Gemini coding tools.
- Develop custom HTML/CSS landing pages and advertorial funnels; comfortable in **VS Code** and terminal-based workflows.
- Design LLM workflows for research, content generation, data validation, and process automation (ChatGPT, Claude, Gemini, DeepSeek, Perplexity).
